

How to apply for accessibility seats?

A limited number of Accessibility Tickets per match is available for disabled applicants using wheelchairs or requiring easy access seats. Applicants can also request a complimentary ticket for a companion/personal assistant.

The fan should first create an account in the online sales portal of Futsal EURO 2022: <https://futsaleurotickets.knvb.nl>

Once completed the fan must send an email to our Customer Services department via ticketingfutsaleuro@knvb.nl.

Fans must provide the following information:

1. Submit valid proof of their disability (if applying for two accessibility tickets, proof of disability for their guest must be supplied at this point too). Applicants should provide proof of disability that is widely accepted in their country of residence. Download the [CAFE Proof of Disability Guidance Document](#) for further information on accepted proofs of disability. Please note that parking permits will not be considered as sufficient proof of disability.
2. Their name and date of birth
3. The name and date of birth of their companion (if needed)
4. Indicate if an accessible parking pass will be needed

Once approved the fans will receive a special account to apply for tickets through our online sales platform.

Tickets are subject to availability and allocated based on a first come first serve principle.
